

# At Home Learning from Ms. Lachance

## Week 2 Assignments (April 23-29)

---

It is recommended that Kindergarten-aged children spend no more than 1 (one) hour per day on school activities at home.

Please send completed assignments by text or email to Ms. Lachance.

Visit our classroom website for more activities, fun stuff, video, and info. There are lots of pics to enjoy. Check out what your classmates have been doing from home.

---

### Earth Week Activities

See Earth week booklet and sheet sent home last week.

There is an Earth Week certificate enclosed for you for doing your part!

---

### Jump Math textbook

Textbook K.2 – Unit 7 Measurement

Pages 2 – 19 over the course of the week. It sounds like a lot, however, the pages are relatively quick to complete.

If you'd like to reduce the workload, consider choosing only a few questions per page.

---

### Journal Writing (use your journal booklet)

Draw a picture and write a story of one way that you are celebrating Earth Week.

For example, helping with yard clean-up; picking up garbage; recycling; reducing the use of power or water.

---

### Extra Math (see enclosed sheets)

---

### Literacy (see enclosed sheets)

Mini word flashcards are enclosed in a baggie for practice.

Continue practicing alphabet and letter sounds, and reading.

If you'd like some Kindergarten-aged books/readers sent home, please let me know.

---

### Week One

Continue working on materials that you received last Thursday.

---

### Website

View more activities on our class website. Watch read-aloud videos, sing-alongs, and additional lessons under "At-Home Learning" section. Website updated daily.

---

I hope you enjoy these activities. I look forward to hearing back from you.
